SANDIPANI TRIBEDI

ASPIRING DATA SCIENTIST

ABOUT ME

An enthusiastic & hardworking student, very interested in coding and love to find the Stories behind Data. And that curiosity leads me to Data Scientist from a student of Physics .It was a great experience in doing some Data Science end-to-end Projects with Deployment . Time to implement my skills in practical and learn from training in the new environment, also meeting new friends and to work together with them as a team.

PROJECTS

Stock Price Trend Prediction using LSTM Neural Network

Data Scientist *Feb 2023 - Mar 2023*

In this project we will predict the price trend of a stock/share using Deep Learning technique (LSTM) and for live demo we will create a Streamlit web app and deploy the whole project in Render Hosting

SMS Spam Detection Using Natural Language Processing (NLP)

Data Scientist *Jan 2023 - Feb 2023*

In this project, we'll discuss about how to detect spam SMS using machine learning algorithms. It helps both the users and service providers to save considerable time and financial resources

Capstone Project - Build a model to accurately predict diabetes

Data Scientist *Nov 2022 - Dec 2022*

Early detection of Diabetes can save many lives. Let's procced with the process by which we can create a model to predict Diabetes with the help of some body vitals (like Pregnancies, Glucose, Blood Pressure, Age etc.)using Machine Learning

EDUCATION

B.Sc(Hon) in Physics

University of Calcutta   *Apr 2014 - May 2016*

Data Science Master's Program

SimpliLearn   *Jul 2022 - Jan 2023*

End-to-End Project Development & Cloud Deployment

CampusX   *Feb 2023 - Mar 2023*

Stock Trading

Internshala Training   *Mar 2023 - Present*

SKILLS & KNOWLEDGE

- Advance Python Programming with OOP
- R Programming
- Machine Learning
- Deep Learning & NLP
- Computer Vision
- Tableau
- Power BI
- SQL & MongoDB
- Descriptive Statistics
- API Development
- Flask & StreamLit
- HTML,CSS & Java-Script
- AWS, Azure , Heroku & Render Deployment

UNIQUE SKILLS

- Narrating Story behind Data
- Creative
- Enthusiastic
- Disciplined
- Reliable Team Player

EXTRA CURRICULAR

Kick Boxing State level Championship 2018

360 degree Sports Kolkata   *2018-10-07*

Got Silver medal and Certificate

Sweat Fitness Competition 2018

360 degree Spots Kolkata   *2018-10-08*

Got Silver Medal & Certificate

HOBBIES

Martial Arts

Bike Riding

Gardenning
